

CARTERS

If you are interested in hiring the fair for film or photography productions, please do get in touch via our hire form where we will be able to discuss your requirements.

We are the fun fair that says yes to film work, have huge experience and can make it happen. We have been known to squeeze rides into incredibly small spaces when required (the Call The Midwife set for example) and we enjoy the challenge and the on-set work. We have even disguised our brand for example in Paddington 2 we were Koslovas not Carters.

As a very rough guideline, prices range from £450 for sidestalls such as the Strikers for the first day and an additional 50% per day thereafter. From £600 for small children's rides the first day and an additional 50% per day thereafter; and for large rides such as the Gallopers, Ark, or Steam Yachts prices range from around £3000 the first day and an additional 50% per day thereafter. Please note that when hiring attractions that usually involve prizes that the prizes are not included. Prices are inclusive of build-up, pull down and travel; depending on distance.

Please be aware that we usually plan our season well in advance (up to a year beforehand) so make sure you can give us as much notice as possible. You can however plan a small photo shoot or video shoot when we are set up at one of our locations before we open to the public- check our Visit page for our dates and locations and get in touch for a quote.

Rides/Attraction footprints below are approximate measurements for each attraction, a further 3ft clearance is desirable around each attraction. If you are looking to hire more than one moving attraction 10ft clearance is required between each attraction this is not in addition to the 3ft clearance desired.

Rides/Attractions:	Build Up Times & Measurements:
